Powerfill Sits	Powerfill sites will be located in the city of Richland and the town of Sleeper. The Crocker Engine and Dixon Engine will do the Powerfill at Richland and Bennett Spring Engine will do the Powerfill at Sleeper. Lebanon Rural may also be requested for a second Powerfill at Sleeper. A third Powerfill site could be set up at the Hazelgreen river access if needed. Each fill site needs to have someone in command and an overall water supply officer at the fire ground.
